

Licenses in the Practice Fusion EHR

The Practice Fusion EHR offers two types of licenses: Clinician Licenses and Secondary Licenses.
All additional practice staff are free!

CLINICIAN LICENSES

Clinician Licenses are typically assigned to EHR users who submit medical claims including physicians, nurse practitioners, and physician assistants.

SECONDARY LICENSES

Secondary Licenses permit an assigned EHR user to sign chart notes and documents. A maximum of 3 secondary licenses are allotted for every Clinician License that is purchased.
