Licenses in the Practice Fusion EHR

The Practice Fusion EHR offers two types of licenses: **Clinician Licenses** and **Secondary Licenses**. For each Clinician License you purchase, you get three Secondary Licenses. All additional practice staff are free. For more information, [click here](#).

Ongoing access to your Practice Fusion data

Practices with an EHR account created prior to March 1, 2018, that do not purchase a subscription by **May 31, 2018**, will be transitioned to the limited access EHR. The limited access EHR will only allow users to view, download, and print the EHR data and patient records previously entered into the system.
